BHARTI VINODKUMAR MISHRA

Full Stack Developer (1.5 Yrs Experience) | Immediate Joiner

📞 +91-987-054-1151   @ bhartimishra1993@gmail.com   🔗 github.com/bharti-cmyk   📍 New Delhi, DL

SUMMARY

My goal is to become associated with a company where I can utilise my skills to gain further experience while enhancing the company's productivity and reputation.

EDUCATION

M.Sc. in Information Technology

Mumbai Unversity

📅 2013 - 2015   📍 Mumbai, MH

GPA
5.7 / 10

EXPERIENCE

Junior Backend Developer - Contract

Rentickle

📅 10/2024 - Present   📍 Gurgaon, India

- **Mastered Server Deployment with Docker:** Successfully set up and deployed a robust server infrastructure using Docker, ensuring scalability and seamless integration with existing workflows.
- **Streamlined Development Processes with CI/CD:** Implemented a comprehensive CI/CD pipeline using GitHub Actions, enhancing development efficiency and enabling rapid, reliable deployments.
- **Enhanced Admin Portal Functionality:** Delivered impactful features such as credit report generation and refundable deposit purchase on the admin portal, improving user experience and operational efficiency.
- **Driving Innovation with Rentickle V2:** Spearheading the development of Rentickle V2 using NestJS, contributing to a modernised and feature-rich platform architecture.

Full Stack Developer

FlewWithUs

📅 07/2024 - 09/2024   📍 Gurgaon, India

- **Flight Server Development**: Built a flight server module by integrating Travel Boutique API for seamless flight booking functionalities.
- **User Authentication**: Implemented secure user authentication mechanisms using Passport.js and integrated Google API for signup/login functionality.
- **Email Application Integration**: Developed an email application using Outlook API for streamlined communication and notifications.
- **Automated Token Management**: Created a cron job to refresh TBO authentication tokens daily at midnight, deployed on AWS Lambda for reliable execution.

Full Stack Developer

TAXMANN TECHNOLOGIES PRIVATE LIMITED

📅 10/2022 - 02/2024   📍 New Delhi, India

- **Backend Development Expertise**: Created and managed APIs for multiple platforms, including HR portals, mock test websites (iabhyas.com), and Taxmann bookstore, using Node.js, TypeScript, and MySQL. Solely handled API and database development for aicc74.commerce.du.ac.in
- **Third-Party API Integrations:** Integrated LinkedIn, Outlook, and Google Calendar APIs to enable features like job post management, webinar subscriptions, and calendar event synchronization for users and admins.
- **Advanced API Development:** Designed specialized APIs, such as a text-to-vector transformation using TensorFlow and optimized search/filter functionalities for better user experience.
- **Data Handling and Automation:** Implemented bulk data import functionality using Excel tools (`xlsx-populate`, `excel4node`) and developed efficient database queries to streamline operations.
- **Research Platform Revamp:** Contributed to Taxmann's research platform revamp by implementing APIs using Python, Django, and Elasticsearch.

SKILLS

Client-Side

HTML   CSS   JS   React   Redux

TypeScript   Bootstrap

Server-side

Python   TensorFlow   MySQL

NodeJS   Redis   AWS   MongoDB

ElasticSearch

Development & Operations

GIT   Azure DevOps

CERTIFICATION

Introduction to Programming Using Java
Coding Ninja, 2022

Data Structure in JAVA
Coding Ninja, 2022

Front End | Full Stack Web Development
Coding Ninja, 2022

Database Management System (MYSQL)
Coding Ninja, 2022

PROJECTS

imdb Clone

📅 08/2022   📍 New Delhi, DL
